MOTHER

Long May She Reign

Mrs. Ocia Charles

A Mother for Mother's Day

Photo by Jim Henderson

Front - Annette, Robert, Mrs. Charles, David, Angela. Back - William, Kerry, Carnell.

By Vertist Edwards

Webster's definition of a mother is "A female parent." However, with most of us it does not stop there. In this writer's opinion it is, I might add, a female individual with an abundant amount of love and understanding.

Our choice for "Mother of the Year" may not win or be nominated for the city, state or national contest, for she is known only in her community and among friends for her unselfishness and devotion to her family and church.

Mrs. Ocia (Ann L.) Charles, the mother of seven (five of her own, one adopted and one foster), with her husband of twenty years lives at 1007 East 62 Street. She is our unanimous choice.

Mrs. Charles came to the Northwest from Columbus, Kentucky in 1953. Attending school in Seattle , Washington at Edison, she had not the slightest idea that her life would soon be devoted to rearing a family of her own along with other homeless children. She considers herself fortunate to have met and married a young man who felt the same as she about sharing love together for these children.

After their marriage, May 7, 1954, she gave up her schooling because of the inconvenience, to become a devoted and fulltime housewife. In 1956 their first child, a daughter, was born. In 1958, two months before her second child, a son, was born, she took a very neglected six year old boy and worked day and night to restore this child to some semblance of good health. At this time also she and her husband took in a small girl who lived with them for five years .

During these trying times Mrs. Charles still was able to devote time to her husband and the rest of the family. In 1959 another daughter was born and the following year a son. Soon afterwards a family with four children was having problems so she kept the four children for a year. Another child eleven days old was given to them to keep for four months. The child, now seven, is still with them. In the interim another son was born who is now 5 years old. One child has graduated from high school and has received honors for his achievements in art. He now studies at a vocational school.

Through all this Mrs. Charles learned many ways to make ends meet, by canning foods, sewing for the family, running a tight budget and trusting in her faith.

Mr. and Mrs. Charles are members of Bethlehem Baptist Church. The faith and teachings of both their fathers, who were ministers, have prevailed: "That what you do to the least of my children, you do unto me."

TO ALL MOTHERS, LIVING OR DECEASED, ON THIS YOUR SPECIAL DAY, MAY 12, 1974, "WE THANK YOU FOR YOUR GUIDANCE, YOUR UNDERSTANDING AND YOUR LOVE."

More Housing Grants Approved

The Municipal Authority approved three more grants for maintenance at its last meeting.

The board also signed contracts for rehabilitation of two homes and approved payment for the first two maintenance grants.

The MA explored the possibility of making loans through the Federal Housing Authority (FHA), but one of the board members reported that the plan was not acceptable. The board has not received any applications for loans, so the MA is continuing to explore all possible ways to make loans to Model Neighborhood residents needing home rehabilitation and maintenance.

Broadway Plaza to Be Dedicated

Mayor Gordon Johnston will dedicate the Broadway Plaza on Friday at 11 a.m. and begin a gala weekend with talent and displays from various ethnic groups.

The plaza was officially opened in February, but the mayor will now dedicate the plaza by placing a memorial plaque in the side of the north stage and by sealing a time capsule behind the plaque. A number of dignitaries are expected to join the mayor for the ceremony.

Entertainment for the weekend includes a variety of talent from a Judo demonstration to rock concerts to a senior citizens' choir.

GOD'S MOST PRECIOUS GIFT

by Palma L. Reed

Black Mother, my Mother, in my eyes
you're God's most precious gift.
Black Mother, the years have not
done you justice, and often your
yoke was not light. And yet, Black
Mother, others wish they could
initate you.

Black Mother, my Mother, you've
shared my burdens as if they were
your own.
You've given me your love, Black
Mother, and many times when I
thought I could not make it, your
love provided the courage I needed
to carry on.
Black Mother, you did not tell me
how to be a woman, you showed me.

Black Mother, I am not pleased with
the way life has treated you. I
want for you all the riches and
comfort that a queen deserves. But,
Black Mother, at this time I cannot
give you all that I'd like you to
have. I have only one gift to
offer you, Black Mother, and that
is my love.

Black Mother, in my eyes you are
God's most precious gift. And
in my heart, Black Mother, I will
forever love you.

Letter to Editor

Dear Sirs;

Please let's rally to the support of our Malcolm X Community Center. As you know the name has been changed from Youth Center to Community Center to include the adults of the area.

We are privileged to have Mrs. Arvilla Johnson as Director. She is an accomplished artist and works with many subjects in a variety of media. Mrs. Johnson is prepared to teach at least 30 crafts.

Why won't more adults come out to her Wednesday night classes at 7:30? Why not drop in on Saturday mornings at 11 a.m. to lend Mrs. Johnson a hand with the children's crafts.

Most sincerely,
"Chick" Holmes

Dear Tac Vac

by Ted Jefferson

Q--Are widows of veterans who died from service-connected causes covered by the new law increasing VA Dependency and Indemnity Compensation?
A--No. Effective Jan. 1, 1974 Public Law 177, 93rd Congress increased the DIC payable to dependent parents, as well as the VA disability and death pension to veterans and widows.
Q--I entered the Army May 26, 1942, and retired Dec. 7, 1961. After the war in 1945, there was a payment of $20 a week for veterans. I wonder if I am eligible for this.
A--That $20 weekly for 52 weeks was unemployment compensation for World War II veterans who could not locate a job after they were separated. Since you were on active duty, you were not eligible. That benefit expired 22 years ago.
Q--I've read that various states are paying a bonus to service-men who served in Vietnam, but have seen nothing about Puerto Rico. Is that government paying servicemen-residents a bonus?
A--Not to date.

THE RAY GIBSON'S CABALLEROS NEWS

By Henry L. Johnson

Sunday May 12th is fin ally upon us, and what a Sunday it will be, Mother's Day, the grand opening of our patio and the raffle. Caballeros and guests from all over the state are expected to bring their families to the Caballeros for a real old-fashioned pic-nic.

On Mother's Day for a fitting tribute to the beautiful ladies in your life bring them to the Club, your Club. Your mother, your mother-in-law, grandmother and wife, gather them up and surprise them with bar-b-que cook by your hand at our new pit. They'll love you for it.

Brother Spencer Sears will provide the entertainment this Sunday for the Patio Opening followed by T McGee at 8 p.m. Dedication of the Patio will begin at 3 p.m. with the Raffle soon after. Come early and plan to stay late.

I had an interesting talk with a unique individual, charter Caballero Herb Palm. Mr. Palm hails from the Bahamas but the best part is how that came about. During the 19th Centur y, Herb's father was Secretary to the reigning president of Haiti at Port-Au-Prince. Well, when the revolution began his father had to flee Haiti for dear life. He settled in the Bahamas to a safer life of a Tailor. Herb came to America in 1919 by Windjammer, a two mass sailor of the swashbuckle days and attended Lincoln grammar school that was in the same location as the now Malcolm X Center. After 48 years with Hygrades (formerly, Carstens) Herb retired and devotes a lot of himself to the Ray Gibson's Caballeros. Like Herb, we have a lot of interesting people around us and I'll try to bring bring you as much about them as possible. Happy Mother's Day to all.

Rap On From the Commanders Desk

Chuck Horne, Cmdr.

Before getting into my usual commentary, I am happy to announce that Post #4 is hosting it's annual Installation Banquet with dinner and dance on Saturday, May 18, 1974 at Amvet Post #1, 3822 So. Union. Live, live music. (Small donation). Call 475-6878 for invitations.

Dedicated to L. Horne
"Tribute to Mothers on Mother's Day".

No greater warrior ever fought a battle
and carried his pain so proud
as the little, loving Mother, of her first born
serving as God's own blessed shroud.

Her invisible wings protect her young
no matter how far they roam
it's her love and affection
that often bring the children home.

We should nè'r forget her
how she preserved us in her womb,
nursed, kept and directed us
away from Satan's tomb.

One day, I feel, is not sufficient
to afford her her just do,
I think we should respect and love her always,
don't you?

Controversy Over SHRC Director Haynes

Victor Elizondo, one of five State Human Rights Commissioners, alleges that SHRC Director Alvin Hayes, Jr., should resign (see P.I., Saturday, April 20), to "bring the agency out of the nose-dive" it is in to, as a result of numerous staff resignations.

PHOOEY!! The truth of the matter is that the SHRC "crashed" years ago! Mr. Alvin Hayes has been in office for approximately six months and during that time no more than six persons have resigned their positions.

What Mr. Elizondo failed to mention, as he talked out of the sides of his mouth, is that last year (before Mr. Hayes was hired) 40 SHRC persons resigned. Alvin Hayes has halted state cars being used by staff persons for personal usage and demanded cars be used only for official business. Eight to five p.m. work schedules have been adhered to by Mr. Hayes for staff, while the former policy had been lax and/or non-existent.

The Seattle and Tacoma offices of the SHRC political "strong-holds" must be broken up while Glenn Mansfield (Seattle) and Richard Charles (Tacoma) should resign and/or be dismissed to effect bringing power back to the people for the SHRC. -Andre B. Young

Family Living Program Awarded Grant

The Department of Health, Education, and Welfare's Office of Child Development has announced the awarding of a one year's grant of $98,000.00 to the Pierce County Panel for Family Living.

President of the Panel, Jim Johnston, states that these funds will be used to carry out a demonstration program entitled "Coordinating Community Concerns for Child Abuse."

The Panel is comprised of volunteer profesional persons in the Tacoma-Pierce County area. It has the following objectives: 1) prevention of Child Abuse by early detection of potentially abusive parents, 2) providing services to families after abuse or neglect has occurred, and 3) coordination of services of other agencies which deal with these problems.

The Office of Child Development received 157 applications for the demonstration funding; only 11 projects were funded nationwide. The Office of Child Development commended the Panel for their well documented proposal. They were particularly impressed with the program's Educational emphasis, the creative use of community volunteers, and involvement in parent training. They also applauded the Panel's broad base of community support for the proposed project.

The net effect of this decision is that Pierce County will be looked upon as a model for the entire country in meeting the challenges of the Child Abuse/Neglect problem.

The proposal, "Coordinating Community Concerns for Child Abuse," is merely a funded extension of what is already happening in Pierce County through the Panel office, located at 1115 South 4th Street. Kathy Zimmerman is currently coordinator of the Panel. Gary Matthies, Children's Protective Services Supervisor for DSHS, was chairman of the fund raising committee.

Members of the Panel are available to speak to community organizations by phoning the Panel office at BR2-8835.

They were particularly impressed with the program's Educational emphasis, the creative use of community volunteers, and involvement in parent training.

Head Start Week

Students Albert, Phillip and Bill.

To help a child develop a positive self-concept and his intellectual abilities - these are the goals of Tacoma's Head Start program. Located at Stanley, Bryant, McCarver, Wainwright, Madison, Lister, McKinley, Jefferson, Willard, and Rossevelt schools, each Head Start center is planning special activities to inform the community about the program. The public is welcome to join in the activities and discover the "wonderful world of Head Start." For further information on dates and times, contact the center school or Central School.

Head Start is a place for parents as well as children. There are many opportunities for parents to become involved. Parents volunteer in the classroom, attend parent meetings, help plan activities for the children, go on field trips participate in workshops, represent classrooms on the Policy Committee, and become involved in many other ways, depending upon their interests. The importance of parent involvement is seen in a child's shining eyes when his parent is in the classroom and the numerous contributions of time and ideas parents make to individual classrooms and to the total program.

Registrations for Head Start classes for the school year of 1974-75 are now being taken. Parents may register at any Head Start center or at Central School. Children must be 4 years old by September 10, 1974.

A couple who gave their college-age daughter a car for Christmas put a card on the windshield. It read: "With all our love, Mamma and Pauper."

Ms. Roberts will be responsible for the development and implementation of health education programs for both the members and the staff of Sound Health. A medical library and resource center of health educational materials will be created at SHA headquarters at 1112 South Cushman in Tacoma. Eventually these health educational programs and the resource center will be available for public access and utilization.

As a Cum Laude graduate of the University of Washington, Ms. Roberts also graduated with Cum Laude honors from the University of Michigan with a Masters Degree in Public Health in the fields of Health Education & Population Planning. She is a member of the American Public Health Association, the Society of Professional Health Educators, and the King County and Pierce County Health Education Coalition.

Regional Citizens to Hold Conference

Delegates from Tacoma will meet with delegates from other Northwest Model Cities programs in Portland May 8-11 for the first annual meeting of the Region Ten Citizens Council.

The most important issue to be discussed at the conference is a proposal for funding a regional citizens office from July to December, 1974. The Department of Housing and Urban Development (HUD) announced that $18,600 was available to operate the Northwest region during a recent conference in Washington, D.C.

Even without funding, the Northwest region has been active in the parent organization, the National Citizens Participation Council (NCPC). Region Ten Citizens Council was not funded because it was organized too late.

If the proposal for a regional office is approved by the council and by HUD, the Northwest office will become an information center for citizens interested in federal programs. The regional office will also work through the NCPC to express the needs of citizens to federal officials.

Robert Scalia, assistant regional director of HUD in Seattle, and Richard Coward, special assistant for community planning and development from HUD in Washington, D.C., are the guest speakers for the conference.

The first two days of the conference will be a workshop concentrating on employment and social problems. The theme of the conference is "Transition and Social Change."

The last day of the meeting will be spent electing officers for the coming year and acting on council business. Junior N.R. Ellis, Tacoma Model Cities Executive Board chairman, is the current president of the Region Ten Citizens Council. Delegates from the Tacoma Model Cities Executive Board are Beulah Rankin and Ruth Daniels. Mrs. Daniels is also secretary of the NCPC.

The conference will be held at the Travelodge, 1441 NE 2nd Ave. in Portland.

Model Cities Plan Approved by Council

The City Council approved a budget last week for a $500,000 amendment to the Model Cities Third Year Plan.

In the past the council has considered each project separately, but this time they passed the plan in one package without any comment. Mayor Gordon Johnston said, "I can't help but think how times have changed," referring to past confrontations between the council and citizens and contrasting them to the current spirit of cooperation.

Model Cities Director Keith Palmquist told the council that the third year amendment was the best thought through plan ever put out by Model Cities. He said that the Executive Board examined evaluations and reports on each project and made some tough decisions about which projects would be funded.

The two major allocations fo funds went to housing and physical improvement programs. The Municipal Authority will receive $50,000 for grants and loans and the Neighborhood Development Program will receive $75,000 as a local match for funds to expand its neighborhood rehabilitation project.

A proposal for a $50,000 allocation for the Yakima Square Development was mistakenly left off the resolution and must be considered again on May 14.

MDC Housing Workshop

Tacoma and Pierce County residents with crucial housing problems will have a unique opportunity on Saturday, May 11 to air their views and find solutions to those problems during a day-long workshop sponsored by the Metropolitan Development Council and its Housing Issue Group.

The workshop, which will be held from 9:00 a.m. until 4:00 p.m. at the East Side Community Center, 1720 East 44th Street, will bring together low-income people of every ethnic group as well as directors and employees of those agencies concerned with housing problems in the area. Featured speakers during the workshop will be Paul Barden of the Seattle City Council and Donald Krumm, representing the Puget Sound Governmental Council.

Statistics indicate that the Tacoma Housing Authority has close to 850 families on a waiting list for housing now. They are currently living in inadequate housing while there are over 1000 FHA repossessed homes available. It is estimated that it costs the FHA $4.00 per day or $1460 per year to maintain a repossessed home. Some of the repossessed homes have been vacant as long as three years while there are families in desperate need of housing.

Further information on the housing workshop may be obtained by contacting Clarence Pettit, Director, MDC Housing.

WFL Moves but Seattle Wins - Maybe

by Brian Jayhush

In a small headline we read that "Three More Defect to WFL," and a story that continues,

"JACKSONVILLE-- Three more National Football League players, including running backs Larry Smith and Harmon Wages, jumped to the new World Football League Monday, and said they might be released from playing out their option year in the NFL."

The three signed multi-year contracts with the Jacksonville Sharks, calling, I assume, for a hefty increase in pay, if not fringe benefits. And so the established league loses three more of its players to the upstart circuit.

But of more immediate interest and importance to the Seattle area is the headline, in much bigger type and bannered across the sports page on that same day: "Memphis OK's WFL Lease." What THAT means is the other city--in fact, the main other contender--along with Seattle for the second 1976 NFL expansion franchise has thrown in the towel and said, "The heck with you, NFL, and your promises that won't come true. We're going for a sure thing in the WFL right now."

The effect of the Memphis decision on Seattle is twofold:

First, it means that the prime WFL target franchise, the Toronto team that is being for forced to move by the Canadian government, is no longer up for grabs. And though sources say another WFL franchise could be had if Seattle wanted it, few others have the talent Toronto/Memphis has in the persons of Kiick, Czonka and Warfield.

Second, the Memphis defection from consideration for the NFL franchise leaves Seattle as the only contender for that expansion number. (Dare I say Seattle is Number One again?) Of the other contenders, Honolulu is already a member of the WFL, and Phoenix has no stadium to speak of.

Sentiment has been running hot and cold in Seattle since the NFL announced its decision to admit Tampa and "one other city" in 1976. Until that time it had been assumed Seattle would automatically get a franchise. Then when Seattle didn't, a lot of people said, "Hell, let's go WFL".

But things change again. John Spellman says says the misunderstanding about the stadium lease has been resolved with the NFL; the one team in the WFL that would have been worth having is no longer available; and that next meeting of the NFL owners is just a month away in June.

So perhaps Memphis will have football this year and Seattle won't. But we've waited this long for football, another month won't kill us.

SIGN IN THE window of a store: "Use our new easy credit plan—100% down, nothing to pay each month."

SPRING CONCERT AT GAULT

The annual spring concert for Gault Junior High School will be held Thursday (May 2) at 7:30 p.m. in the school auditorium. Featured will be the chorus, intermediate band, senior band, a trumpet solo, a grade school trombone soloist and a flute duet.

Vocal music groups are under the direction of Mrs. Mildred Svedberg, while band groups are led by Alfred Ventur.

After 39 years of teaching band and orchestra (24 in Tacoma schools), Ventur will make this concert his last appearance. He retires this year.

ABUNDANCE OF PETS AT HUMANE SOCIETY

Not everything is in short supply. While we skimp on gas, power, newsprint and other items, the Humane Society points out some things that are in abundance.

One is the oversupply of dogs and cats available for adoption at animal shelters through the country.

It would be a generous act to take one of these animals home. But make sure you really want the pet and all that goes with it, like spaying or neutering costs, shots, a license and good care.

POLICE WEEK SLATED

National Police Week will be observed by the members of the Tacoma Police Department beginning Monday, May 13th, and continuing through Saturday, May 18th. This department will have a display at the Tacoma Mall containing police equipment, vehicles, personnel, literature, etc. which will be informative and educational to the public.

They will stress how to protect homes and businesses from being victims of burglaries.

Our STEP Project and Crime Specific Program will be well represented as will most of the divisions wherein we have material which visually portrays what is done.

Jail Repression and Oppression

Re: TNT, Thursday, February 7, 1974 Sheriff denies County Jail is poorly run, City jail graded better.

Peter Schultz is superintendent of the Pierce County Jail and not Sheriff, Carl Petersen. The The Superior Court Judges have legal authority over the operation of the County Jail.

So in the event, one happens to be a Counselor employed by the Urban Leagues' Adult Offender Outreach Program or a Health Outreach Counselor for the Metropolitan Development Council, attempting to do ones job, whom does one have to beg, to interview a client or perspective client incarcerated in our County Jail?

Who has the authority, to grant permission that Adult Outreach Offender on M.D.C.'s Health Outreach Counselors be permanently allowed to Counsel their clients?

Can one imagine not being allowed to counsel a person or provide Methadone Maintainance treatment for a person hooked on Narcotics, who is in the County and/or City Jail?

AOOP, M.D.C.'s, Health Outreach, and the Tacoma Narcotics Center are "rehabilitive programs" designed to provide help to those persons on probation and parole or who have otherwise gone afowl of the law.

M.D.C.'s Health Outreach program has a comprehensive Counseling component geared to helping on numerous levels i.e. pre and post natal care on mental health. And yet, the jail authorities deny them access to persons incarcerated.

Since AOOP and M.D.C.'s Health Outreach are "professional problemsolvers", then it would be advisable for the Pierce County jail authorities to allow the Tacoma Narcotics Center, AOOP and M.D.C. personnel to do their jobs.

The Pierce County Jail is notorious for its arbitrary restrictions i.e. religious and other constitutional Abridgements.
